Welcome to the October 2013 edition of Valve Bounce.

This month brings the Lynn Stages Rally – which I'm disappointed not to be competing in – but family commitments mean that I can't. Oh well, fingers crossed for next year. Good luck to all those taking part and I look forward to receiving all the write-ups for the November edition!

Thanks to all those who sent contributions for this month's edition.

Until next month...

Chairman's spot – FULL CHAT

Hi All,

With the run up to the Stages rally, all talk is about help! Help before, help on the day and help after the rally! Even if you are unable to be at Sculthorpe maybe you could spare an hour or so with loading, or unloading the truck? The cones that we own are stored in Lutton, so it would make sense if anyone in that area could help out. The cones are stacked in piles of 20 and are easily transported to the truck tail lift by our own sack barrows. So there is no lifting to do at all! I am sure Colin and the team would be grateful for any assistance, either at Sculthorpe or anywhere else, just to give the regular helpers a hand.

Please contact Colin and see how you can help your club make the rally a success. We already have 39 entries and still have about a month to go, so I am sure we will get a full entry this year. We also have four championships being contested which will all be hotly contested I am sure. We are not allowed to have spectators at the venue but you can of course come and marshal to see the action. Sculthorpe does offer excellent viewing as a lot of the buildings have now been demolished and you can see a lot of the action, not just a few yards where your marshalling post is. Please offer your help if you can and be sure to contact Colin as early as possible. Thank you.

September's clubnight organised by David and Paul Smalley, was the first in the resumption of our 12 car rally series. As usual most of us had a bit of rust to get rid of while trying to work out the navigation. Actually David and Paul got it spot on with good navigation that was not too mind bending. It was nice to see eight crews out especially as a couple of our regular crews couldn't make the rally. There is of course navigation for all classes on all our clubnight 12 car rallies, including a marked map with the route on it for beginners, so at least you should get your monies worth and complete the route! Come along to the next one. See details further in this Valve Bounce.

See you at the next Clubnight!!

50th Anniversary Rallee Classicagh Isle of Man 2013

This rally was first run in 1953 and with this year coinciding with the Mini Cooper S's 50th birthday, a truly international line up of 6 Minis out of the Classic Rally entry of 36 assembled on Thursday 12th September in Douglas.

The service crew was made up of my son Spencer as usual with Josh Ramm making his first trip across the Irish Sea to the "picturesque" Isle of Man!

England (IOM)

- Car 23 Adrian Kermode/John Coleman –Blue /White Cooper S, winner of the IOM Historic Rally in 1992&3 in this mini "222 DMN".

Ireland

- Car 24 Mervyn Johnston/Wendy Blackledge –Green/White Cooper S.
- Car 28 Colin McDowell/Ian Evans –Blue/White Austin Mini .

Japan

- Car 30 Shinobu Kitano/Hiroko Kitano- Red/White Cooper S, the husband and wife team travelling all the way from Japan to compete.
- Car 32 Yashino Tsuchiya/Hideki Miki –Grey /White Cooper .

Scotland

- Car 31 Peter Horsburgh/Derek Webb –Red/White MiniSpares Cooper S "277 BRX", now with more power thanks to the Southam MMC built split weber set-up replacing the more usual SU's.

Previous winner for 3 years from 1988 to 1990, Glen Leece from the Isle of Man was entered this year in his Cooper S "323DMN" but due to a neck injury was unable to compete. He followed a rather more illustrious pair Timo Makinen and Paul Easter winning in 1987 in a Healey 3000.

Ahead of the crews this year were 3 days of closed road special stages totalling just under

200 miles, the same as the WRC Rally Australia held this month!

The rally started in a wet Douglas at 6.30 pm on Thursday on SS1 Marine Drive along the cliff top, and the first casualty was Adrian Kermode who stopped after the stage with distributor problems which took the rest of the night to fix, missing the next 4 stages. The super special SS4 on the Douglas prom had 2 cars starting side by side in an innovation from the rally in 2012 and loved by the spectators.

We finished the first day at midnight and the first four crews were separated by just 40seconds, Kitani from Japan going better in the dark and McDowell leading us and Johnston. Tsuchiya missed the last stage with cylinder head issues resulting in a late night change of the head for Friday.

Friday started dry and with Kermodé's car fixed he set fastest times on all the day's 13 stages using his local knowledge to great effect, but with penalties from day 1 so was out of contention. The day's 13 stages included classics such as SS6 Druidale uphill through the famous Ari

Vatanen cattle grid and bumps and twists to Brandywell cottage and down to Sartfield hairpin, SS12 The Sand Quarry with McRae's jump and the switchback, and SS16/17 through the centre of Castletown in the dark.

McDowell's clutch failed on SS6 and he retired. Over the day Horsburgh won 7 stages, Johnston won 4 and Kitani won 2, giving us in the MiniSpares mini "277 BRX" a 2 minute lead going in to the final day.

Saturday started with a test of nerve down the Tholt-y -Will mountain road. We were first into the stage and first casualty when the mini stopped 2 miles into the stage with what was eventually diagnosed as closed up points ending our excellent run. Major disappointment!!

Most of the stages were repeats from the previous day but finishing with SS27 "Classic" 13.15 miles which starts up Druidale and finishes in Douglas in front of the TT grandstand. Kermodé was again quickest with Mervyn Johnston sharing the honours with Shinobu Kitano at 4 stages each. Sadly Yashino Tsuchiya/Hideki Miki in the Mk1 Cooper retired on SS24 with mechanical problems leaving Mervyn Johnston and Wendy Blackledge to take a well-deserved victory in class B2.

Nevertheless all the family and crews from Japan were celebrating in style at the finish, after a brilliant and challenging event on arguably the best rally roads in Britain. Congratulations to Druidale Motor Club for a superbly organised event.

The International Rally Isle of Man ran using the same stages and there were two Minis entered.

Car 155 Alison Lock/Russell Joseph in their now fuel injected BL Mini and

Car 158 Local IOM crew of Nigel Cordwell/Byron Mercer in a Rover Mini 35.

Nigel Cordwell won the class, with Alison suffering electrical issues on Stage 15, but able to restart the final day under “super rally” rules.
