Hi All

Busy month for club members with David Smalley taking the honours at a very wet and slippy Gymkhana event which rewarded the smooth approach!
His son Ted was navigating, god help us when he starts competing, he's already quick across the garden and only knee high!

Brother Mathew Smalley was navigating Ethan Davies for the first time to win overall in the Twyford Targa a great result.

The David Large and David J Ottoway pairing nearly had their best result yet at Leconfield DST Tarmac stage event only dashed in the final stage with a broken accelerator pump spring!
Luckily Jack Tilburn and Steve Stephen Tilburn had a easy run at the same event to 2nd overall.
Dale Glover and Sean Ward had a go at the Border Counties Brick and Steel Rally failing with teething problems on the penultimate stage in the sexy Alfa Sud.

And Peter Horsburgh travelled to the Manx Rally with his mini but had the misfortune to gain a throttle foot injury making it impossible to continue to drive!
Well done to all!
